Speeches/Reports:

Mao 'During the transition period, we state the transformation of capitalist Industry and commerce must pass the transition state capitalism to socialism. Our state capitalism, its nature and the Soviet Union's state capitalism is the same, the Soviet Union the Communist Party dictatorship of the proletariat led by the country, we are also communist-led country, but the practice there are many different ways. Lenin in 1918 pointed out that this road, we have introduced. The bourgeoisie does not accept state capitalism, there is no other way to go, the general trend, non-walk this road can not be. We do not practice the bourgeois state capitalism, there is no other way, since we can not confiscate their property, and needs them. To make independent private capitalist enterprise into a restricted state capitalism, which is a big step forward. '
